

7th EDITION: International Multihull Show

18th April 2016

The latest edition of the International Multihull Show closed its doors on Sunday and it is time to judge how the event went. It was a clear success!

Visitors from around the world travelled to La Grande Motte to view around sixty boats, and according to the exhibitors, the 2016 edition has confirmed the importance of this Show for the multihull sector.

Having completed many sales, those taking part left with a huge smile on their face and with their order books full.

With around 17,000 visitors, which is a huge increase, the Multihull Show has confirmed that it is now the big annual event for fans of cruising catamarans and trimarans.

If we look at the number of boats on display for the first time in the world or in Europe, it is obvious that yards have understood what is happening and have adapted their new production to the dates of the Show.

Alongside this 2016 edition, the presence of the VITALIA II (ex ORANGE) giant catamaran contributed significantly to the popularity of this event... She is leaving the port of La Grande Motte this morning to sail around the world. Thanks once again to all her crew for this exceptional visit.

La Grande Motte will once again host the International Multihull Show in 2017. Save the date: 19th to 23rd April 2017...
