

5th April 2018

## PRESS RELEASE

9th International Multihull Show - La Grande Motte (Hérault) - France

### A record-breaking year...

The multihull industry is continuing to develop, as is the case for all the champions on their racing multihulls, who are smashing all the major records... It is for this reason that we are honoured to be welcoming Thomas COVILLE and his trimaran "SODEBO Ultim" to the heart of our Show.

**The 9th International Multihull Show** will be home to everything that the multihull industry can offer. For 5 days, the harbour in Occitanie will be transformed into a show-room dedicated entirely to sailing and motorised catamarans and trimarans.

It is a breathtaking offer, whether we are looking at the quantity or quality... as more than 60 multihulls are attending and no fewer than 10 boats will be on display for the first time in the world.

- AVENTURA – Aventura 34
- CATANA - BALI 4.1
- FONTAINE PAJOT SAILING CATAMARANS - New 42
- FUTURA YACHT SYSTEMS - FUTURA 49
- ICE YACHTS - Ice Cat 61
- LEOPARD CATAMARANS - Léopard 50 (European Premiere)
- MCCONAGHY BOATS - MC 50 CAT
- NEEL TRIMARANS - Neel 45 Evolution
- OUTREMER YACHTING - Outremer NEW 51
- SLYDER CATAMARANS - Slyder 49

This exceptional line-up is a perfect expression of the thriving nature of the sector.

Christenings, meetings, conventions with experts... there is a huge programme and the professionals have promised us lots of new products, in areas as diverse as electronics, engines, sails, deck hardware, digital technology, home installations, equipment, charter services, insurance, transport, finance etc...

And we must not forget the **"architecture, innovation and design"** area, which is so important in our opinion and which will once again show off some of the most innovative and bold projects; this mini development lab presents everything that multihulls will soon have to offer... Something not to be missed!

See you on 18<sup>th</sup> April for this exceptional edition.
