

INTERNATIONAL MULTIHULL SHOW

24th March 2021

PRESS RELEASE

12th INTERNATIONAL MULTIHULL SHOW - 28th April / 2nd May 2021

CANCELLED YET AGAIN – “Following the dictates of reason”

In spite of our determination, everyone’s commitment and the trust you showed us, nothing can be done about it. We have to follow the dictates of reason, as it is not going to be possible to hold this twelfth edition while ensuring everyone’s safety, which is paramount for such a show.

We believed it could be done right up to the last moment, but we have to fulfil the safety requirements that are essential at the present time... unfortunately yet another edition has to be cancelled.

We nevertheless saw that the whole of the multihull sector was going to attend with more than fifty boats registered, including eighteen making their world premiere; the 2021 edition, which we were certain was going to go ahead, was looking so good..., but unfortunately this will not now be the case.

We will bounce back and such a hard knock will only strengthen our determination to raise this show once again to its lofty position ; the strong support of La Grande Motte city, the port teams, the commitments alongside us from the Occitanie Region and the Hérault Department are already propelling us towards a better future.

We would like to thank everyone – exhibitors, partners, suppliers, and the press - for supporting us and look forward to seeing you in April 2022; we will begin work once again to prepare the next edition and continue this passionate endeavour that brings us all together.

We look forward to seeing you soon. Please look after yourselves.
