

MULTIHULL OF THE YEAR ELECTION, THE RESULTS

For the second time, Multicoques Mag, Multihulls World magazine and the International Multihull Boat Show – which has just celebrated its tenth edition – have organized the election of the Multihull of the Year. A unique event, as it's YOU, the readers, sailors, racers and above all users of the nominated boats, who have chosen the winners...

At the beginning of December, we officially announced the list of nominees in each category, and the voting began on the dedicated website (www.MultihullOfTheYear.com).

And of course, the results were announced at the Multihull Show; the gusts of over 50 knots didn't dampen the interest of all the catamaran and trimaran builders, as instead of it flying away, the VIP tent was full to bursting. More than 11,000 votes were cast – as against 10,000 last year – and here are the definitive results in each category:

NOMINATIONS FOR THE 2020 ELECTION

The list of nominations for the 2020 Multihull of the Year will be unveiled on the opening day of the United States Sailboat Show Annapolis, on October 10th, 2019. To be included in this selection, with a view to election, there is just one requirement: the new multihulls must be launched between the 2019 and 2020 editions of the International Multihull Boat Show (between the middle of April 2019 and the middle of April 2020). We will therefore soon be talking to you about it in the magazine. The selection can also be seen on www.MultihulloftheYear.com
